

Waterman

New water delivery service in this area
Pure, fresh, local, Devon spring water delivered to your door!

Waterman

Have you thought about it?

The water that you buy from the supermarkets has been sitting around in plastic bottles and could be years old. It may have travelled extensively, perhaps even from abroad, and because of all the production, transportation, and wasted plastic, it is not an environmentally friendly product!

This is different!

Pure, fresh, local spring water delivered in reuseable containers with low environmental impact and costs less than 32 pence per litre!

Compare the taste and try it for free.

For your free trial just call
the Waterman on

01752 895381 / 07779 308685

ALL ENQUIRIES WELCOME
